#### Notes to financial statements

#### 1. ORGANIZATION

Allspring Funds Trust (the "Trust"), a Delaware statutory trust organized on March 10, 1999, is an open-end management investment company registered under the Investment Company Act of 1940, as amended (the "1940 Act"). As an investment company, the Trust follows the accounting and reporting guidance in Financial Accounting Standards Board ("FASB") Accounting Standards Codification Topic 946, Financial Services - Investment Companies. These financial statements report on the Allspring Pennsylvania Tax-Free Fund (the "Fund") which is a diversified series of the Trust.

#### 2. SIGNIFICANT ACCOUNTING POLICIES

The following significant accounting policies, which are consistently followed in the preparation of the financial statements of the Fund, are in conformity with U.S. generally accepted accounting principles ("GAAP") which require management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

#### Securities valuation

All investments are valued each business day as of the close of regular trading on the New York Stock Exchange (generally 4 p.m. Eastern Time), although the Fund may deviate from this calculation time under unusual or unexpected circumstances.

Debt securities are valued at the evaluated bid price provided by an independent pricing service (e.g., taking into account various factors, including yields, maturities, or credit ratings) or, if a reliable price is not available, the quoted bid price from an independent broker-dealer.

Investments in registered open-end investment companies (other than those listed on a foreign or domestic exchange or market) are valued at net asset value.

Investments which are not valued using the methods discussed above are valued at their fair value, as determined in good faith by Allspring Funds Management, LLC ("Allspring Funds Management"), which was named the valuation designee by the Board of Trustees. As the valuation designee, Allspring Funds Management is responsible for day-to-day valuation activities for the Allspring Funds. In connection with these responsibilities, Allspring Funds Management has established a Valuation Committee and has delegated to it the authority to take any actions regarding the valuation of portfolio securities that the Valuation Committee deems necessary or appropriate, including determining the fair value of portfolio securities. On a quarterly basis, the Board of Trustees receives reports of valuation actions taken by the Valuation Committee. On at least an annual basis, the Board of Trustees receives an assessment of the adequacy and effectiveness of Allspring Funds Management's process for determining the fair value of the portfolio of investments.

#### When-issued transactions

The Fund may purchase securities on a forward commitment or when-issued basis. The Fund records a when-issued transaction on the trade date and will segregate assets in an amount at least equal in value to the Fund's commitment to purchase when-issued securities. Securities purchased on a when-issued basis are marked-to-market daily and the Fund begins earning interest on the settlement date. Losses may arise due to changes in the market value of the underlying securities or if the counterparty does not perform under the contract.

#### Security transactions and income recognition

Securities transactions are recorded on a trade date basis. Realized gains or losses are recorded on the basis of identified cost.

Interest income is accrued daily and bond discounts are accreted and premiums are amortized daily. To the extent debt obligations are placed on non-accrual status, any related interest income may be reduced by writing off interest receivables when the collection of all or a portion of interest has been determined to be doubtful based on consistently applied procedures and the fair value has decreased. If the issuer subsequently resumes interest payments or when the collectability of interest is reasonably assured, the debt obligation is removed from non-accrual status.

Interest earned on cash balances held at the custodian is recorded as interest income.

#### Distributions to shareholders

Distributions to shareholders from net investment income are declared daily and paid monthly. Distributions from net realized gains, if any, are recorded on the ex-dividend date and paid at least annually. Such distributions are determined in accordance with income tax regulations and may differ from U.S. GAAP. Dividend sources are estimated at the time of declaration. The tax character of distributions is determined as of the Fund's fiscal year end. Therefore, a portion of the Fund's distributions made prior to the Fund's fiscal year end may be categorized as a tax return of capital at year end.

#### Federal and other taxes

The Fund intends to continue to qualify as a regulated investment company by distributing substantially all of its investment company taxable and tax-exempt income and any net realized capital gains (after reduction for capital loss carryforwards) sufficient to relieve it from all, or substantially all, federal income taxes. Accordingly, no provision for federal income taxes was required.

The Fund's income and federal excise tax returns and all financial records supporting those returns for the prior three fiscal years are subject to examination by the federal and Delaware revenue authorities. Management has analyzed the Fund's tax positions taken on federal, state, and foreign tax returns, as applicable, for all open tax years and does not believe that there are any uncertain tax positions that require recognition of a tax liability.

As of June 30, 2024, the aggregate cost of all investments for federal income tax purposes was \$95,025,968 and the unrealized gains (losses) consisted of:

Gross unrealized gains \$ 586,633 Gross unrealized losses (3,977,128)Net unrealized losses \$(3,390,495)

As of June 30, 2024, the Fund had capital loss carryforwards which consist of \$276,754 in short-term capital losses and \$697,811 in long-term capital

## losses.

#### Class allocations

The separate classes of shares offered by the Fund differ principally in applicable sales charges, distribution, shareholder servicing, and administration fees. Class specific expenses are charged directly to that share class. Investment income, common fund-level expenses, and realized and unrealized gains (losses) on investments are allocated daily to each class of shares based on the relative proportion of net assets of each class.

#### 3. FAIR VALUATION MEASUREMENTS

Fair value measurements of investments are determined within a framework that has established a fair value hierarchy based upon the various data inputs utilized in determining the value of the Fund's investments. The three-level hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The Fund's investments are classified within the fair value hierarchy based on the lowest level of input that is significant to the fair value measurement. The inputs are summarized into three broad levels as follows:

- Level 1—quoted prices in active markets for identical securities
- Level 2—other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.)
- Level 3—significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments)

The inputs or methodologies used for valuing investments in securities are not necessarily an indication of the risk associated with investing in those securities.

The following is a summary of the inputs used in valuing the Fund's assets and liabilities as of June 30, 2024:

	QUOTED PRICES (LEVEL 1)	OTHER SIGNIFICANT OBSERVABLE INPUTS (LEVEL 2)	SIGNIFICANT UNOBSERVABLE INPUTS (LEVEL 3)	TOTAL
Assets				
Investments in:				
Municipal obligations	\$ 0	\$88,698,226	\$0	\$88,698,226

Total assets	\$2,937,247	\$88,698,226	\$0	\$91,635,473

Additional sector, industry or geographic detail, if any, is included in the Portfolio of Investments.

At June 30, 2024, the Fund did not have any transfers into/out of Level 3.

When only certain classes exceed their expense caps, waivers and/or reimbursements are applied against class specific expenses before fund-level expenses. Allspring Funds Management has contractually committed through October 31, 2024 to waive fees and/or reimburse expenses to the extent necessary to cap the Fund's expenses. Prior to or after the commitment expiration date, the cap may be increased or the commitment to maintain the cap may be terminated only with the approval of the Board of Trustees. As of June 30, 2024, the contractual caps are as follows:

A distribution fee is charged to Class C shares and paid to Allspring Funds Distributor, LLC ("Allspring Funds Distributor"), the principal underwriter, an affiliate of Allspring Funds Management, at an annual rate up to 0.75% of the average daily net assets of Class C shares.

In addition, Allspring Funds Distributor is entitled to receive the front-end sales charge from the purchase of Class A shares and a contingent deferred sales charge on the redemption of certain Class A shares. Allspring Funds Distributor is also entitled to receive the contingent deferred sales charges from redemptions of Class C shares. For the year ended June 30, 2024, Allspring Funds Distributor received \$878 from the sale of Class A shares. No contingent deferred sales charges were incurred by Class A and Class C shares for the year ended June 30, 2024.

## Shareholder servicing fees

The Trust has entered into contracts with one or more shareholder servicing agents, whereby Class A and Class C are charged a fee at an annual rate up to 0.25% of the average daily net assets of each respective class. A portion of these total shareholder servicing fees were paid to affiliates of the Fund.

#### Interfund transactions

The Fund may purchase or sell portfolio investment securities to certain affiliates pursuant to Rule 17a-7 under the 1940 Act and under procedures adopted by the Board of Trustees. The procedures have been designed to ensure that these interfund transactions, which do not incur broker commissions, are effected at current market prices. Pursuant to these procedures, the Fund had \$6,550,000, \$7,250,000 and \$0 in interfund purchases, sales and net realized gains (losses), respectively, during the year ended June 30, 2024.

#### 8. CONCENTRATION RISK

The Fund invests a substantial portion of its assets in issuers of municipal debt securities located in a single state or territory of the U.S. Therefore, it may be more affected by economic and political developments in that state or region than would be a comparable general tax-exempt fund. As of the end of the period, the Fund's investments were concentrated in the state of Pennsylvania.

#### 9. INDEMNIFICATION

Under the Fund's organizational documents, the officers and Trustees have been granted certain indemnification rights against certain liabilities that may arise out of performance of their duties to the Fund. The Fund has entered into a separate agreement with each Trustee that converts indemnification rights currently existing under the Fund's organizational documents into contractual rights that cannot be changed in the future without the consent of the Trustee. Additionally, in the normal course of business, the Fund may enter into contracts with service providers that contain a variety of indemnification clauses. The Fund's maximum exposure under these arrangements is dependent on future claims that may be made against the Fund and, therefore, cannot be estimated.

# Board consideration of investment management and sub-advisory agreements:

Under the Investment Company Act of 1940 (the "1940 Act"), the Board of Trustees (the "Board") of Allspring Funds Trust (the "Trust") must determine annually whether to approve the continuation of the Trust's investment management and sub-advisory agreements. In this regard, at a Board meeting held on May 28-30, 2024 (the "Meeting"), the Board, all the members of which have no direct or indirect interest in the investment management and sub-advisory agreements and are not "interested persons" of the Trust, as defined in the 1940 Act (the "Independent Trustees"), reviewed and approved for the Allspring Pennsylvania Tax-Free Fund (the "Fund"): (i) an investment management agreement (the "Management Agreement") with Allspring Funds Management, LLC ("Allspring Funds Management"); and (ii) an investment sub-advisory agreement (the "Sub-Advisory Agreement") with Allspring Global Investments, LLC (the "Sub-Adviser"), an affiliate of Allspring Funds Management. The Management Agreement and the Sub-Advisory Agreement are collectively referred to as the "Advisory Agreements."

At the Meeting, the Board considered the factors and reached the conclusions described below relating to the selection of Allspring Funds Management and the Sub-Adviser and the approval of the Advisory Agreements. Prior to the Meeting, including at a meeting of the Board held in April 2024, and at the Meeting, the Trustees conferred extensively among themselves and with representatives of Allspring Funds Management about these matters. The Board has adopted a team-based approach, with each team consisting of a sub-set of Trustees, to assist the full Board in the discharge of its duties in reviewing investment performance and other matters throughout the year. The Independent Trustees were assisted in their evaluation of the Advisory Agreements by independent legal counsel, from whom they received separate legal advice and with whom they met separately.

In providing information to the Board, Allspring Funds Management and the Sub-Adviser were guided by a detailed set of requests for information submitted to them by independent legal counsel on behalf of the Independent Trustees at the start of the Board's annual contract renewal process earlier in 2024. In considering and approving the Advisory Agreements, the Trustees considered the information they believed relevant, including but not limited to the information discussed below. The Board considered not only the specific information presented in connection with the Meeting, but also the knowledge gained over time through interactions with Allspring Funds Management and the Sub-Adviser about various topics. In this regard, the Board reviewed reports of Allspring Funds Management at each of its quarterly meetings, which included, among other things, portfolio reviews and investment performance reports. In addition, the Board and the teams mentioned above confer with portfolio managers at various times throughout the year. The Board did not identify any particular information or consideration that was all-important or controlling, and each individual Trustee may have attributed different weights to various factors.

After its deliberations, the Board unanimously determined that the compensation payable to Allspring Funds Management and the Sub-Adviser under each of the Advisory Agreements was reasonable, and approved the continuation of the Advisory Agreements for a one-year term. The Board considered the approval of the Advisory Agreements for the Fund as part of its consideration of agreements for funds across the complex, but its approvals were made on a fund-by-fund basis. The following summarizes a number of important, but not necessarily all, factors considered by the Board in support of its approvals.

### Nature, extent, and quality of services

The Board received and considered various information regarding the nature, extent, and quality of services provided to the Fund by Allspring Funds Management and the Sub-Adviser under the Advisory Agreements. This information included a description of the investment advisory services and Fund-level administrative services covered by the Management Agreement, as well as, among other things, a summary of the background and experience of senior management of Allspring Global Investments, of which Allspring Funds Management and the Sub-Adviser are a part, and a summary of investments made in the Allspring Global Investments business.\* The Board also received information about the services that continue to be provided by Wells Fargo & Co. and/or its affiliates ("Wells Fargo") since the sale of Wells Fargo Asset Management to Allspring Global Investments Holdings, LLC, a holding company indirectly owned by certain private funds of GTCR LLC and Reverence Capital Partners, L.P., under a transition services agreement and an update on the anticipated timeline for exiting the transition services agreement. In addition, the Board received and considered information about the full range of services provided to the Fund by Allspring Funds Management and its affiliates.

The Board considered the qualifications, background, tenure, and responsibilities of each of the portfolio managers primarily responsible for the day-today portfolio management of the Fund. The Board evaluated the ability of Allspring Funds Management and the Sub-Adviser to attract and retain qualified investment professionals, including research, advisory, and supervisory personnel.

The Board further considered the compliance programs and compliance records of Allspring Funds Management and the Sub-Adviser. The Board received and considered information about Allspring Global Investments' risk management functions, which included information about Allspring Funds

The trade name for the asset management firm that includes Allspring Funds Management and the Sub-Adviser is "Allspring Global Investments."

Management's and the Sub-Adviser's business continuity plans, their approaches to data privacy and cybersecurity, Allspring Funds Management's role as administrator of the Fund's liquidity risk management program, and fair valuation designee. The Board also received and considered information about Allspring Funds Management's intermediary and vendor oversight program.

## Fund investment performance and expenses

The Board considered the investment performance results for the Fund over various time periods ended December 31, 2023. The Board considered these results in comparison to the investment performance of funds in a universe that was determined by Broadridge Inc. ("Broadridge") to be similar to the Fund (the "Universe"), and in comparison to the Fund's benchmark index and to other comparative data. Broadridge is an independent provider of investment company data. The Board received a description of the methodology used by Broadridge to select the mutual funds in the performance Universe. The Board noted that the investment performance of the Fund (Class A) was higher than the average investment performance of the Universe for the three-year period under review, in range of the average investment performance of the Universe for the five- and ten-year periods under review, and lower for the one-year period under review. The Board also noted that the investment performance of the Fund was lower than the investment performance of its benchmark index, the Bloomberg Municipal Bond Index, for all periods under review.

The Board also received and considered information regarding the Fund's net operating expense ratios and their various components, including actual management fees, custodian and other non-management fees, and Rule 12b-1 and non-Rule 12b-1 shareholder service fees. The Board considered these ratios in comparison to the median ratios of funds in class-specific expense groups that were determined by Broadridge to be similar to the Fund (the "Groups"). The Board received a description of the methodology used by Broadridge to select the mutual funds in the expense Groups and an explanation of how funds comprising expense Groups and their expense ratios may vary from year-to-year. Based on the Broadridge reports, the Board noted that the net operating expense ratios of the Fund were lower than the median net operating expense ratios of the expense Groups for each share class.

The Board took into account the Fund's investment performance and expense information provided to it among the factors considered in deciding to re-approve the Advisory Agreements.

#### *Investment management and sub-advisory fee rates*

The Board reviewed and considered the contractual fee rates payable by the Fund to Allspring Funds Management under the Management Agreement, as well as the contractual fee rates payable by the Fund to Allspring Funds Management for class-level administrative services under a Class-Level Administration Agreement, which include, among other things, class-level transfer agency and sub-transfer agency costs (collectively, the "Management Rates"). The Board also reviewed and considered the contractual investment sub-advisory fee rates payable by Allspring Funds Management to the Sub-Adviser for investment sub-advisory services. It was noted that advisory fee waivers, if any, are at the fund level and not class level.

Among other information reviewed by the Board was a comparison of the Fund's Management Rates with the average contractual investment management fee rates of funds in the expense Groups at a common asset level as well as transfer agency costs of the funds in the expense Groups. The Board noted that the Management Rates of the Fund were lower than the sum of these average rates for the Fund's expense Group for the Institutional Class, and equal to the sum of the average rates for the expense Group for Class A.

The Board also received and considered information about the portion of the total management fee that was retained by Allspring Funds Management after payment of the fee to the Sub-Adviser for sub-advisory services. In assessing the reasonableness of this amount, the Board received and evaluated information about the nature and extent of responsibilities retained and risks assumed by Allspring Funds Management and not delegated to or assumed by the Sub-Adviser, and about Allspring Funds Management's on-going oversight services. Given the affiliation between Allspring Funds Management and the Sub-Adviser, the Board ascribed limited relevance to the allocation of fees between them.

The Board also received and considered information about the nature and extent of services offered and fee rates charged by Allspring Funds Management and the Sub-Adviser to other types of clients with investment strategies similar to those of the Fund. In this regard, the Board received information about the significantly greater scope of services, and compliance, reporting and other legal and regulatory obligations and risks of managing proprietary mutual funds compared with those associated with managing assets of other types of clients, including third-party sub-advised fund clients and non-mutual fund clients such as institutional separate accounts.

Based on its consideration of the factors and information it deemed relevant, including those described here, the Board determined that the compensation payable to Allspring Funds Management under the Management Agreement and to the Sub-Adviser under the Sub-Advisory Agreement was reasonable.

## **Profitability**

The Board received and considered information concerning the profitability of Allspring Funds Management, as well as the profitability of Allspring Global Investments, from providing services to the fund complex as a whole. The Board noted that the Sub-Adviser's profitability information with respect to providing services to the Fund and other funds in the complex was subsumed in the Allspring Global Investments profitability analysis.

Allspring Funds Management reported on the methodologies and estimates used in calculating profitability, including a description of the methodology used to allocate certain expenses. Among other things, the Board noted that the levels of profitability reported on a fund-by-fund basis varied widely, depending on factors such as the size, type, and age of fund.

Based on its review, the Board did not deem the profits reported by Allspring Funds Management or Allspring Global Investments from services provided to the Fund to be at a level that would prevent it from approving the continuation of the Advisory Agreements.

#### Economies of scale

The Board received and considered information about the potential for Allspring Funds Management to experience economies of scale in the provision of management services to the Fund, the difficulties of isolating and quantifying economies of scale at an individual fund level, and the extent to which potential scale benefits are shared with Fund shareholders. The Board noted the existence of breakpoints in the Fund's management fee structure, which operate generally to reduce the Fund's expense ratios as the Fund grows in size, and the size of the Fund in relation to such breakpoints. The Board considered that in addition to management fee breakpoints, Allspring Funds Management shares potential economies of scale from its management business in a variety of ways, including through fee waiver and expense reimbursement arrangements, competitive management fee rates set at the outset without regard to breakpoints, and investments in the business intended to enhance services available to shareholders.

The Board concluded that Allspring Funds Management's arrangements with respect to the Fund, including contractual breakpoints, constituted a reasonable approach to sharing potential economies of scale with the Fund and its shareholders.

#### Other benefits to Allspring Funds Management and the Sub-Adviser

The Board received and considered information regarding potential "fall-out" or ancillary benefits received by Allspring Funds Management and its affiliates, including the Sub-Adviser, as a result of their relationships with the Fund. Ancillary benefits could include, among others, benefits directly attributable to other relationships with the Fund and benefits potentially derived from an increase in Allspring Funds Management's and the Sub-Adviser's business as a result of their relationships with the Fund. The Board noted that Allspring Funds Distributor, LLC, an affiliate of Allspring Funds Management, receives distribution-related fees in respect of shares sold or held through it. The Board also reviewed information about soft dollar credits earned and utilized by the Sub-Adviser.

Based on its consideration of the factors and information it deemed relevant, including those described here, the Board did not find that any ancillary benefits received by Allspring Funds Management and its affiliates, including the Sub-Adviser, were unreasonable.

#### Conclusion

At the Meeting, after considering the above-described factors and based on its deliberations and its evaluation of the information described above, the Board unanimously determined that the compensation payable to Allspring Funds Management and the Sub-Adviser under each of the Advisory Agreements was reasonable, and approved the continuation of the Advisory Agreements for a one-year term.
